

1. To open the Certification Wizard click the link <https://sign.mojebanka.cz/CertWizard.html?L=CZ?v=6286cc9507a19fd8>. Then switch language to English (top-right corner).
2. Select **New**.
3. Insert smartcard into a reader, enter your client's identification number, one-time password from SMS and click on **Continue**.
4. Enter the PIN code for your smartcard and click on **Continue**.
5. Please wait until the new certificate is created.
6. At the end of process please click on the **Finish**.

The screenshot illustrates the KB Certification Wizard process, with numbered red circles (1-6) highlighting key steps:

- 1:** Language selection (ENGLISH) in the top right corner.
- 2:** Selecting the **New** option in the Certification wizard menu.
- 3:** The 'Downloading new certificate' screen with input fields for Client ID (14820) and One-time password (747591), and a **Continue** button.
- 4:** The 'Enter PIN' screen with a PIN input field and a **Continue** button.
- 5:** A loading screen with a progress indicator and the text: 'Creating your new certificate. It will take approximately 2 minutes...'
- 6:** The 'Finish' screen displaying certificate details and a **Finish** button.

**Data contained in your certificate**

Name:	Gump Forrest
Client ID:	148203779
Address:	Apple str. 1 Greenbow CZ
E-mail:	forrest.gump@kb.cz
Certificate validity:	12.03.2017

For security reasons, check the data in the certificate. If any data do not match, contact the Direct banking client support line on +420 955 551 552 or visit a branch of Komerční banka.

Your new certificate has been saved to the smart card and you are able to log in to the application. Press the finish to continue.
